Bose® FreeSpace® amplifiers

Commercial installers and their clients both value a simple, quick, and hassle-free audio system. Bose FreeSpace amplifiers are designed specifically for commercial applications such as restaurants, retail, and hospitality locations where simplicity, reliability, and sound quality are paramount. Consisting of nine models, the FreeSpace amplifier line offers a range of power options and built-in features that enhance any audio installation, especially when using Bose FreeSpace loudspeakers.

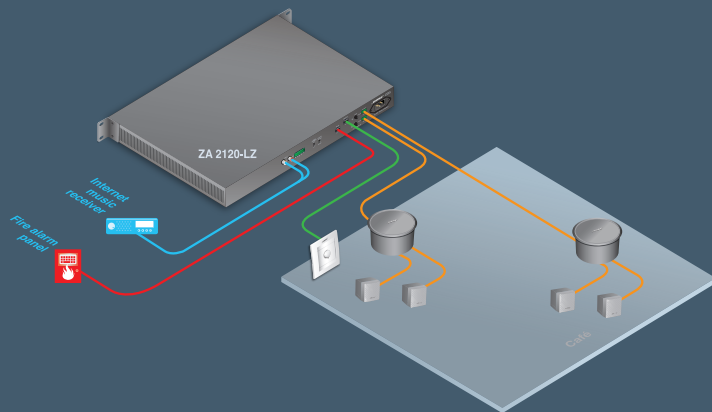

Bi-Amping Retail Application

Two-Zone Bar/Restaurant Application

Single-Zone Stereo Café Application
