

Steinway & Sons

IC-16

The In-Wall series speakers are specifically designed to be placed behind acoustically transparent screens, fabric panels, and metal mesh grills. With invisible presence, the In-Wall series offers exceptional performance, versatility, and unbeatable appeal. This series can be mixed-and-matched with any other item in our product range while maintaining the outstanding performance of each individual component.

THE IN-CEILING SPEAKER

The IC-16 speaker is a perfect alternative to the S-16IW for installations requiring angled speakers for immersive sound. Designed with immersive sound formats in mind, the IC-16 features an angled face within a compact back box.
