

Steinway & Sons

IW-26H

The In-Wall series speakers are specifically designed to be placed behind acoustically transparent screens, fabric panels, and metal mesh grills. With invisible presence, the In-Wall series offers exceptional performance, versatility, and unbeatable appeal. This series can be mixed-and-matched with any other item in our product range while maintaining the outstanding performance of each individual component.

IN-WALL SPEAKERS

With a large cabinet size combined with highly efficient drivers, the IW-15, IW-16, IW-26H and IW-26V in-wall speakers have an overall increased sensitivity, allowing for improved dynamic headroom and sound pressure level (SPL) while using less power.
