Eacome SV3100 Specifications

PLUG-AND-PLAY SIMPLICITY

USB plug-and-play connectivity makes the SV3100 a breeze to deploy and use. Simply connect SV3100 conference room computer or your laptop through USB, and you're good to go. Use the SV3100 with any video conferencing software, including those you already use.

NATURAL-SOUNDING AUDIO

the SV3100's audio system provides 360°/6m coverage using beamforming technology with 12 uni-directional mics. Everyone hears and can be heard with the SV3100 full-duplex conversation, which delivers sound that's crisp, clear, and highly intelligible. Acoustic echo cancellation and noise reduction technology make conversations natural-sounding while reducing reverberation and ambient noise.

OPTIONS GIVE YOU VERSATILITY, CABLING MADE EASY

Customize the setup to match the layout and size of your room. Mount the camera on a table, tripod, or wall. The SV3100 compact Hub simplifies cabling and makes it easy to run cables under tables and through conduit. Integrated data and power means that the camera and audio system each connect with a single cable. The included 5m / 16 ft cables give you lots of placement options, while optional extended cables offer 15m the reach.
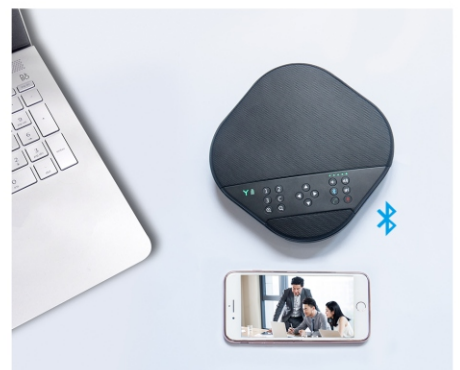

CONVENIENT CONTROLS

The SV3100 audio system integrates 16 buttons, which can not only control the microphone mute, adjust the speaker volume, and hang up the hook,it can also control the camera to move up and down horizontally through these buttons, using zoom in and out function, and preset the shortcut keys.The above-mentioned audio and camera control functions can also be easily implemented by configuring a handheld remote control.

HIGH-DEFINITION VIDEO

Bring meetings into focus with the SV3100 premium lens, 10x lossless zoom, and HD 1080p/60 performance. Perfectly frame presenters and whiteboards with pan/tilt control, and zoom in for detail and clarity. the SV3100's 83° diagonal field-of-view provides ideal coverage for medium and large conference rooms, with motorized pan and tilt for wall-to-wall, floor-to-ceiling coverage.

AUDIO SYSTEM WITH BLUETOOTH, VIDEO+AUDIO MULTI-PARTY CONFERCENCING

You can even pair the SV3100 with your smartphone or tablet by bluetooth to enjoy outstanding audio clarity and ample volume with mobile applications and conference calls. Meanwhile,the video+audio multi-party conferencing can be achieved by joining a conference call via a bluetooth call during a video conference.

Eacome SV3100 Specifications

CAMERA

HD 1080p video quality at 60 frames-per- second
Brings life-like full HD video to conference calls.

3 camera presets
Plug-and-play camera setup

AUDIO SYSTEM

Full-duplex audio system
Full-duplex audio system with DSP, everyone can hear and be heard in sound that's crisp,and clear and highly intelligible.

Spacious audio
Participants can converse within a 6m/20-ft (Expansion mics support 8m/26-ft) diameteraround the speakerphone and be heard so clearly by remote participants that it seems like conversations are happening in the same room.

Beam-forming technology with 12 built-inuni-directional mics
Conversations sound realistic and natural by minimizing sound reflections (reverb) and distracting audio artifacts.

Acoustic echo cancellation
Advanced acoustic engineering reduces echo,making calls sound more natural.

Noise reduction technology
Ambient noises and other distracting tones are suppressed to support comfortable,natural-sounding conversation on both endsof the call. High bandwidth HD audio.

Plug-and-play audio system setup
