

FAU 3150 Display interface silver

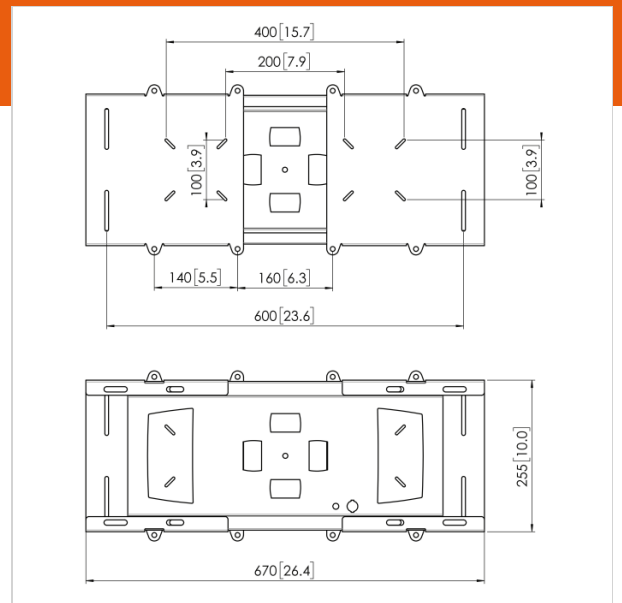

Article number (SKU) 7331504
 Colour Silver

Key benefits

- Stylish design
- Easy to install
- Modular components
- Theft prevention
- TÜV certified

The FAU 3150 universal flat display interface can be used to mount a LCD/Plasma TV (with VESA MIS-F) to the wall, ceiling or floor (in combination with other modular parts).

The FAU 3150 universal flat display interface is part of a modular system which enables you to create your own wall, ceiling or floor mounting solution for LCD/Plasma TV's (30-65", with VESA MIS-F, up to 70 kg). The Autolock® locking system locks the interface onto the support and prevents the display from falling of the turn and tilt unit when accidentally lifted. The optional lock PFA 9008 blocks the locking system, hence preventing theft. For wall mounting just add the needed wall mounting plate (PFW 910/ 920/ 930) or support (PFW 950/ 952). For ceiling mounting add the needed ceiling mounting plate, extension tube and turn and tilt unit. In case of floor mounting add floor stand PFA 9011 and the needed turn and tilt unit.

Specifications

Product specifications

Product type number	FAU 3150
Article number (SKU)	7331504
Colour	Silver
EAN single box	8712285305443
TÜV certified	Yes
Guarantee	5 years
Min. screen size (inch)	30
Max. screen size (inch)	65
Max. weight load (kg)	70
Min. hole pattern	50mm x 50mm
Max. hole pattern	960mm x 512mm
Max. height of interface (mm)	386
Max. width of interface (mm)	520

Features

Functionality	Flat
Lock options	Lock option/accessory
