A triple jointed gas suspended monitor arm, designed by Multibrackets for the iMac 24" to optimize your productivity and help reducing strain on neck, back and eyes.

Set up is simple. An 24" iMac base slips easily in the M VESA Gas Lift Arm iMac Silver grab handles which discretely and securely holds it in place. No VESA adapter is required to mount and move your iMac where you want it.

Weightless Suspension. Even while M VESA Gas Lift Arm iMac Silver holds your iMac 24" with ease, it still makes its load seem absolutely weightless thanks to the strategic mount design. This allows you to easily make any adjustments to the monitor while only using one hand.

Cable-Free Surface. No one wants their desk covered in a mess of cables - this product comes with a cable management system.
